

# SAURABH GAUTAM

Backend Developer | Golang APIs | Authentication | Database-Driven Systems

+91 6393235581 | [gautamsaurabh90@gmail.com](mailto:gautamsaurabh90@gmail.com) | [GitHub](#) | [LinkedIn](#)

Backend developer focused on building secure server-side applications, clean API contracts, authentication flows, and maintainable data-driven systems. Comfortable with Golang APIs, REST architecture, login/register workflows, OTP authentication, and responsive HTML/CSS projects.

## TECHNICAL SKILLS

|                  |                                                                          |
|------------------|--------------------------------------------------------------------------|
| Backend          | Golang, Node.js, Express, REST APIs, API design                          |
| Authentication   | Register/login flows, OTP authentication, JWT concepts, protected routes |
| Data             | SQL, MongoDB, database design, CRUD systems                              |
| Frontend         | HTML, CSS, responsive landing pages                                      |
| Tools & Concepts | Docker, GitHub, system design, debugging, problem solving                |

## PROJECTS

### Password Manager API | *Golang, REST APIs, OTP Authentication*

- Built a secure password manager backend with register and login flows.
- Implemented OTP authentication and protected user vault functionality.
- Designed API endpoints for authentication, user access, and secure password-management features.

### Backend Developer Portfolio | *HTML, CSS, responsive portfolio*

- Created a responsive personal portfolio with a backend developer theme.
- Showcased backend skills, real project work, contact links, and relative project images.

### Hospital Landing Pages | *HTML, CSS, healthcare landing pages*

- Built hospital landing pages inspired by Fortis Hospital and Max Hospital.
- Designed clean healthcare-focused sections for responsive presentation and user-friendly layout.

## EDUCATION

- M.C.A. , Babasaheb Bhimrao Ambedkar University, 2024, Lucknow
- B.Sc. , D.A.V. College, 2021, Kanpur
